WORK EXPERIENCE

Infonic Solution - Jaipur, Rajasthan (On-site)

Full Stack MERN Developer (Full-time) July 2023 - August 2026

- Redeveloped legacy Node.js backend systems for improved scalability.
- Optimized APIs for high-throughput **(300-450 RPS)** and low-latency **(30-180ms)** workloads.
- Improved database query performance and overall API response efficiency.
- Automated repetitive workflows to reduce manual (team) operational effort by 60%.
- Built and maintained **35+ CRM and CMS** web applications.
- **Added curated AI Bot and gamification features** to improve user engagement.
- Developed real-time ticket management solutions for clients using Node.js and Socket.
- Led frontend and application development teams across product development.
- Delivered **4+ production-grade SaaS applications** for clients.

React Native Developer (Full-time) April 2023 - June 2023

- Designed and developed a mobile CRM experience from scratch.
- Connected the app with backend services and notifications (FCM registry).
- Build a consistent mobile interface across key workflows.
- Tested and published the app on Play Store.

Frontend Developer (Full-time) October 2022 - March 2023

- Integrated REST APIs into a customer relationship platform.
- Modernized legacy frontend architecture and development practices.
- Improved application performance through structural and dependency upgrades.
- Built an SEO-focused website for a student portal.

UI/UX Designer (Internship) August 2022 - September 2022

- Designed a clean and intuitive assignment management system with Figma.
- Turned Figma designs into a pixel-perfect working MVP.
- Built reusable components for consistent product experiences.

EDUCATION**Maharishi Arvind University - Jaipur, Rajasthan****Bachelor's in Commerce and Management (Regular) August 2019 - July 2022**

Grade: 7.00 CGPA

Pursued a Bachelor of Commerce with a focus on developing a strong foundation in accounting, finance, business management, economics and commerce. The program strengthened my understanding of business fundamentals, analytical thinking and financial concepts while providing a broader perspective on how organizations operate and make decisions.
